

Chemstop™ | S15KGVNFL

Hi-viz orange chemical protection with cut resistance that keep hands warm down to -5°C / 23°F

ABOUT THE PRODUCT

Our Chemstop™ S15KGVNFL orange hi-viz PVC gloves are chemical resistant and feature a ParaActiv™ engineered yarn liner to provide 360° cut protection with ANSI A6 cut resistance. Their fleece lining ensures that hands stay warm in temperatures down to -5°C / 23°F while a nitrile hand coating offers steady wet grip.
